

Triple USB Car Charger

Multi-Device • Rapid Charge

The HyperGear Triple USB Car Charger includes a unique power management system that provides 2.4A of power in each of the 3 USB ports, maximizing charging efficiency. The unit's sleek, low-profile design comes with an illuminating LED indicator and rubberized anti-slip accents to add to its sophistication. With 7.2A of power, this unit can charge any USB device, including tablets.
