MagBuddy[®] Metal Plates

2-PK

Get your device magnetic mount-ready! The MagBuddy[®] Plate is the perfect complement to the MagBuddy[®] collection. This ultra-thin plate is designed to provide the safest mounting experience available! With easy installation, just peel off the backing for the adhesive and stick the plate to your phone case, behind your phone case, or directly to your device, or use the optional clear protective film for easy removal. Make mounting your device as safe as possible with the MagBuddy[®] Metal Plate!
