

Adaptive Fast Charger

Faster and More Efficient Charging

The HyperGear Adaptive Fast Car Charger with Adaptive Fast Charge Technology is a must-have for mobile device users who need the fast charging power while they're on the road. Whether you're commuting to work, going on a road trip, or heading out for a night on the town, you need the fastest charging speed possible, so you can always arrive fully charged! This Adaptive Fast Charge car charger powers up compatible Qualcomm Quick Charge 3.0 devices 4X faster than standard chargers. In fact, just 35 minutes can get your drained battery 80% full! This charger is backwards compatible for QC 2.0 & 1.0 and is tablet-friendly, delivering 2.4A to all other USB-powered devices that are not QC-enabled. Power up faster and smarter with the latest high-speed car charging technology.

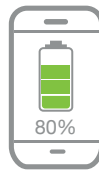

For Use With All Mobile Devices Including iPad®, iPhone® & Tablets

Features

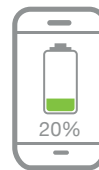

- Adaptive Fast Charge Technology
- 2.4A Maximum Output for non-QC devices
- Fastest & Most Efficient Charging
- Low Profile, Modern Design
- Durable Construction

Specifications

- Input: 12-24V
- Output: Adaptive Fast Charge Adaptive Output - 3.6V-6.5V (2.4A), 6.5V-9V (2A), 9V-12V (1.5A)
- Short Circuit / Overcharge
