

USB-C + QC 2.0 Power Bank

Next Generation of Charging

Extend the life of your mobile device up to 6 times! This 12000mAh Power Bank features 2 rapid output ports with the latest in high-speed technology. The USB-C port lets you charge at the fastest possible 3A input/output rate, The QC 2.0 port powers up compatible Quick Charge 2.0 devices 75% faster than conventional chargers - Just 30 minutes can get your drained battery 60% full! The QC port is backwards compatible, so you can charge even non-QC devices at a fast 2.4A output. It's time to Power Up the Present and Gear Up for Your Future!

Features

- Ultra High Capacity
- Convenient Portable Design
- Advanced Safety Technology
- Includes Micro USB Charging Cable

Specifications

- Capacity: 12000mAh
- Input: Micro USB (2A) + USB-C (3A MAX)
- Output: 5V/9V/12V (Class A***) + Type C (3A MAX)
- Battery Type: Lithium Polymer
- Weight: 250g
- Short Circuit / Overcharge Protection
- Dimensions: 4.3 x 3.2 x 1.3in
