

AN AMERICAN BRAND

Qi Wireless Charging Stand

The new Wireless Charging Stand by HyperGear is a big step towards a wire-free future. Just drop your Qi-enabled device onto the charging stand, no need to wrestle with charging cables or struggle to aim plugs into tiny ports. 3 powerful charger coils provide a wide charging area for portrait or landscape placement. The soft-touch rubberized grips hold your device at a 45° angle for convenient viewing. This all-in-one system includes the Qi Transmitter Stand, a 4ft Micro USB charging cable, and an AC wall adapter with travel-friendly foldable prongs. Enjoy wire-free power with this stylish and modern charger.
