

UFO Qi Wireless Charging Pad

With it's space-age flying saucer design, the UFO Wireless Charging Pad is a leap forward into the wire-free future. Say goodbye to the hassle of constantly plugging and unplugging your USB charging cables or struggling to aim into those tiny ports in the dark, the UFO is always ready to go! Thanks to Qi Inductive Charging Technology, you simply drop your Qi-enabled device onto the pad and charging begins immediately with the UFO lighting up a futuristic blue. The UFO charger takes up less than 4-inches of space and comes with a 4ft Micro USB charging cable, and a 2A wall adapter with travel-friendly foldable prongs. Enjoy wireless power with this stylish Sci-Fi charger.
