

Low Ryder Earphones

Powerful Stereo Sound

Experience your favorite music like never before. Powerful 10mm neodymium drivers deliver stunning HD sound for the absolute best listening experience possible with powerful bass and precision highs. The included comfort-fit ear gels have three size options to ensure the perfect fit. Designed to block out noise and seal in sound, your Low Ryder's stay in place even when you don't, so you can keep the music going all day with zero ear fatigue. The in-line remote and microphone allows the seamless transition between music and calls with the touch of a button. Choose from a vibrant spectrum of color combinations designed to accent your tech gear, match your mood and express your personal style.
