

Wireless Charging Dock

The HyperGear Wireless Charging Dock is a 2-in-1 desktop solution that combines a wireless phone charger with an Apple Watch charging stand into one slim and sleek unit. Minimize tabletop clutter and eliminate the hassle of constantly plugging and unplugging charging cables. Now you can wirelessly and simultaneously charge both devices from a single wall outlet! Just place your Qi-enabled phone and Apple Watch onto the charger for immediate, hassle-free power. This is Charging Made Simple.

Works with all Qi-enabled devices
