

V50 Stereo Headphones

Focus on the beat. The V50 offers powerful stereo sound with a stylish design. Engineered with 40mm neodymium drivers, the headphones deliver a smooth and clear balance of treble, midrange, and bass, and feature an in-line microphone and remote control, so you can switch between music and phone calls with the touch of a button. Softly cushioned ear cups offer a comfortably tight seal for an immersive, distraction-free audio experience. Available in 3 distinctive colors, the V50 amplifies sound and style.
