

Quick Charge Power Hub 7

Charge & Store up to 7 Devices

Stop fighting over outlets! Turn any single AC outlet into a 7-port high-speed charging station that can power-up an entire household or office. The incredible 14A output can charge 7 devices simultaneously! Two ports feature cutting-edge Quick Charge 3.0 Technology, so compatible Qualcomm devices can go from drained to 80% full in just 35 minutes! The adaptive QC ports are universal, delivering a powerful 2.4A output to non-QC devices. With a space-saving design and individual docking stations, your devices stay neatly arranged while charging. Minimize Clutter. Maximize Power!
