

Wireless Charge MagBuddy[®] Desk

Combining the effectiveness of the award-winning MagBuddy Mount Collection with the latest Qi wireless charging technology, the MagBuddy Wireless Charge allows you to mount and charge on contact. Just hover your Qi-enabled device near the charging base and feel the powerful magnetic force latch on! Whether your device is Apple or Android, Standard or Fast-charge compatible, Naztech's Adaptive Wireless Charging Technology instantly delivers up to 10 watts of pure power for the fastest wireless charging experience possible. The MagBuddy Wireless Charge Desk mount lets you Go Hands-Free and Stay Fully Powered.

Fast Charge
