

Wireless Charge MagBuddy[®] Anywhere⁺

Combining the effectiveness of the award-winning MagBuddy Mount Collection with the latest Qi wireless charging technology, the MagBuddy Wireless Charge allows you to mount and charge on contact. Just hover your Qi-enabled device near the charging base and feel the powerful magnetic force latch on! Whether your device is Apple or Android, Standard or Fast-charge compatible, Naztech's Adaptive Wireless Charging Technology instantly delivers up to 10 watts of pure power for the fastest wireless charging experience possible. The MagBuddy Wireless Charge Anywhere + mount lets you Go Hands-Free and Stay Fully Powered.

Fast Charge
