

# Wireless Charging Vent Mount™

Fed up with constantly plugging and unplugging charging cables in your car? This vent mount does double-duty as a secure phone cradle and convenient wireless charger. Stay powered-up while your phone is held at eye-level and easy reach for easy navigation, hands-free calling and music control. Featuring a twist-grip knob for vents of all sizes and thicknesses, installation is a breeze! Charging begins as soon as you place your device onto the mount. Stay hands-free and fully charged on the road!
