

Universal Magnetic Phone Mount

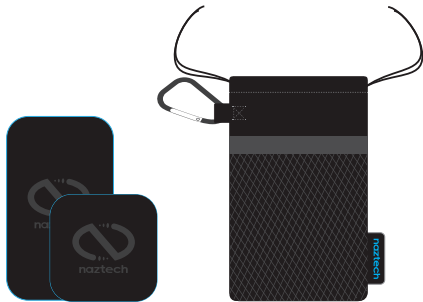

MagBuddy[®] *In-Flight*

No more hunched backs and strained necks from staring down at your handheld screen! This cradle-less magnetic mounting system is designed to keep your mobile device at eye-level and easy reach for the most comfortable in-flight entertainment experience. The sturdy aluminum base anchors to your upright tray table and features a swivel ball pivoting head, so you can quickly find the perfect angle for your phone or tablet that keeps you in the most comfortable position. Now relax and enjoy the view!
