

2-Sided Rotating Aluminum Slatwall Display

Maximize your retail space and better organize your products with this 2-sided slatwall merchandiser. The 6-foot tower takes up minimal floor space and features a sturdy rotating base that provides an easy browsing experience for your customers. With a semi-gloss black finish and interchangeable headers, this sleek display will be a great addition to any retail outlet. It is easy to relocate within the store and is perfect at making tight corners or cramped spaces functional and eye-catching.
