

Quick Release Universal Mount

For All Your Mobile Devices

The HyperGear Quick Release Universal Car Mount provides easy grab-and-go mounting capability! With an innovative, adjustable design this device expands and contracts to fit both smaller, and larger smartphones. Using a powerful suction cup, it mounts easily and securely, while also providing the flexibility of an 180-degree adjustable head, so you can conveniently adjust it to the exact position that you want! The HyperGear Quick Release Universal Car Mount gives you access to your GPS, voice-activated apps, and phone conversations conveniently while keeping your device completely snug and secure!
