

N30 Portable Boom Station

Music Without Strings

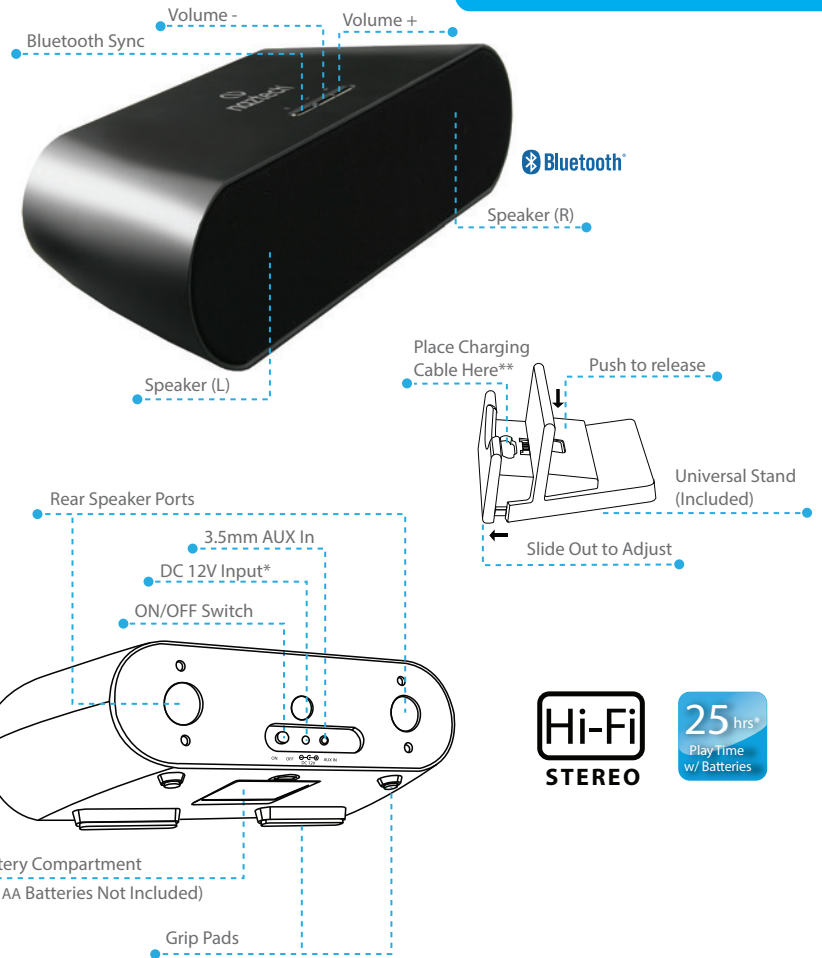

The Naztech N30 Portable Boom Station is a powerfully engineered portable A2DP Bluetooth speaker designed to produce stunning stereo audio in any environment. Stylish and classy, the beautifully crafted N30 is perfect for the home, at the office or even on the go with just batteries. With the aux-in port, you can listen to music from any non-Bluetooth device using a standard 3.5mm cable. The included high quality stand allows you to place your device within easy reach. Let the party begin!
