

# CAR Mount System

FM Transmitter • Hands-free • Mount

Listening to your tunes and hands-free communication has never been simpler or more efficient than with the **Naztech N3005**.

Simply plug your Apple iPhone into the dock, tune your FM radio to the appropriate station, and let the N3005 do the rest. The N3005 wirelessly transmits your device's audio signal over your vehicle's stereo, allowing you to focus on driving while still talking on the phone or listening to your personal music library.
