

Rapid Car Charger

Stay Charged in Style

Blisteringly fast and stylishly sleek, the Naztech Phantom Lightning 8-pin Charger is the ultimate hybrid of high-end performance and quality design. With the ability to provide a lightning-quick charge for your mobile phone, the Phantom is a powerful charger. Sporting an attractive glossy white finish with chrome accents, it also features a blue LED that illuminates through a laser-etched Naztech logo when charging. Available for most mobile phones, the Phantom offers the finest in utility and fashion for the modern professional on the go.

The Phantom charger is MFI certified by Apple for use with the iPhone 5 and the New iPod Touch.
