

N780

Over-the-head Multipoint Bluetooth Headset with Charging Base

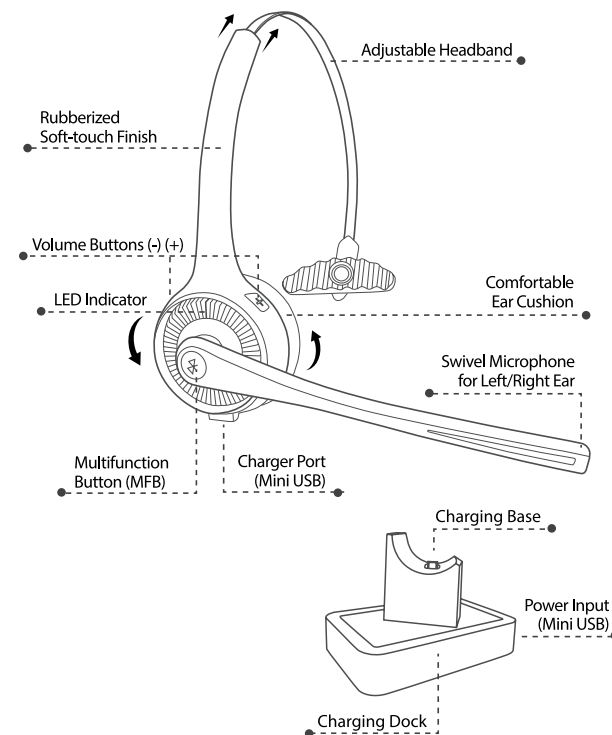

The NoiseHush N780 is a Bluetooth headset that provides a secure fit for all-day wearing comfort, noise-cancelling technology to remove background noise, convenient one-touch call control, and a desktop charging dock. The N780's multipoint capability supports Bluetooth connectivity to two devices simultaneously, making it possible to easily switch between two Bluetooth phones. The battery provides up to 13 hours of talk time and 220 hours of standby when fully charged, making the N780 a truly revolutionary Wireless Headset.
